A HEALTH CARE TEAM DEDICATED TO YOU

As a Kaiser Permanente member, you get what you need to take an active role in your health. We provide a focus on preventive care and wellness programs, along with extensive online tools. Your care team is devoted to your total health, and is linked to your electronic health record, helping to ensure they have the up-to-date information they need to provide you with personalized care.

Emergency services update: Emergency services are scheduled to be available in San Leandro on June 3. Until then, emergency services will continue to be available at our Hayward and Fremont Medical Centers.
