

Electric Breast Pump Program

for Members in Health Care Reform plans
with Women's Health Preventive Services
(HRSA) Package*

Because of the many advantages to breastfeeding, the American Academy of Pediatrics and Kaiser Permanente recommend exclusive breastfeeding/breast milk for the first six months of a baby's life. However, there may be situations when pumping your breast milk may be recommended by your doctor or desired by you.

Please check your eligibility for an AMEDA FINESSE Breast Pump by calling Kaiser Permanente's **Member Services** at:
1-800-464-4000 or TTY 711
1-800-788-0616 (Toll Free Spanish)
1-800-757-7585 (Toll Free Chinese)

IF YOU ARE ELIGIBLE, PLEASE CONTACT BYRAM HEALTHCARE

<https://breastpumps.byramhealthcare.com> OR CALL 1-833-752-4737

- The automated telephone system will prompt you to provide the mother's Kaiser Permanente Medical Record Number, the baby's date of birth, and a shipping address.
- You have 180 days after the birth of your baby to request this pump at no charge. If you have further questions about use of the breast pump, you may contact your local breastfeeding clinic or lactation specialist/consultant.

If eligible, you should receive your new breast pump within 2-3 business days of placing the order.

If you have any questions about breast pumps that are covered under your plan, please consult your **Evidence of Coverage document** or call the **Customer Service** line in your area.

NOTE: IF YOU RECEIVE A BREASTPUMP AND DO NOT HAVE COVERAGE, YOU WILL BE BILLED AND EXPECTED TO PAY THE FULL COST OF THE BREASTPUMP.

Kaiser San Francisco Lactation and Advice and Appointments : **(415) 833-2200**.
