SPONSORSHIP GUIDE 2020

Introduction

For over 70 years, Kaiser Permanente's social mission has been the foundation of its community service programs. As a values-driven, not-for-profit integrated health care organization, Kaiser Permanente is dedicated to improving the health of its members and the communities it serves. Through partnerships with community organizations and government entities, Kaiser Permanente strives to benefit the community by addressing issues and concerns that affect overall community health. These partnerships are built on the sharing of knowledge and resources between Kaiser Permanente and health-related community service organizations. Kaiser Permanente brings a variety of resources to these partnerships: cash grants to support community activities, volunteers, and in-kind donations.

Kaiser Permanente South Bay Public Affairs coordinates funding and resources which support community partners, organizations, and agencies across Santa Clara County.
