

SERVING THE AREAS SURROUNDING OUR SACRAMENTO MEDICAL CENTER

Building Healthy Communities is Our Mission

Our approach to community health is more than traditional corporate citizenship or philanthropy. It's the way we partner, hire, purchase, invest, and build to make a positive economic, social and environmental impact on the health of our communities.

Examples of the Difference We Make

DEPUTY FRIEND YOUTH OUTREACH

In partnership with the Sacramento Sheriff's Community Impact Program, Kaiser Permanente is helping to reduce juvenile delinquency and violence through positive relationships with law enforcement.

The Deputy Friend program brings officers on school campuses to interact with kids during recess, lunch and assemblies.

SOIL BORN FARMS URBAN AGRICULTURE

Kaiser Permanente is helping to expand Soil Born Farms' hands-on education for youth and adults.

The Eat Your Veggies Project helps increase knowledge and ability related to growing, purchasing, preparing, preserving and eating healthy, locally grown foods at their urban farm headquarters in Rancho Cordova.
