Home Away from Home

## Welcome

To make your stay with us as comfortable as possible, we've prepared this brochure to help you get to know the neighborhood as well as the services provided in your temporary "home away from home."

We hope you will use your apartment as you would any second home. If you don't like being alone for long periods of time, we encourage you to have a relative or friend stay with you during your visit.

## When You Arrive

You'll be staying at the Kaiser Permanente Kenmore Apartments, 1630 N. Kenmore Ave., one block from the Radiation Oncology Center at 4950 Sunset Blvd.

The building is locked for security, so you may pick-up your apartment and garage keys from the resident manager in his or her office. While picking up your keys, feel free to park temporarily on the street by the main entrance.

## The Residence

The Kaiser Permanente Kenmore Apartments are reserved for patients who live in the outlying areas of Southern California where distance makes it impossible to commute for treatments on a daily basis. The three-story building has an elevator and 39 apartments. Each unit has a living room, TV, a bedroom with twin beds, a bathroom with a tub and shower, and a kitchen equipped with essential cooking utensils, dishes, and silverware.

## Housekeeping

Each apartment is cleaned before it is occupied along with bed linens, towels, and lightweight thermal blankets provided by our hospital's housekeeping staff.

Each Wednesday morning fresh linen is available in the conference room on the 1st floor. To help you keep your apartment tidy, a vacuum cleaner is available on each floor. Washers and dryers are also located on each floor.

## Pets

We do welcome service animals. Regrettably, we cannot permit dogs, cats, or other pets in the apartments or in vehicles. Please make arrangements for the care of your pets while you're away from home.

## What to Bring

You might want to bring soap, dishcloths, cleanser, dishwashing soap, and paper goods. You might also want to have your small electric kitchen appliances with you, such as blenders or coffee makers. For assured comfort, do bring your own pillows. An extra comforter or non-electric blanket is also advisable during the winter months.

## No Smoking in Rooms

Smoking is not permitted in the Kenmore Apartments, on balcony's or garage, or within any facility on the medical campus.

## Community Rooms

The Community Room, which faces the patio on the first floor, is a pleasant place to meet and chat with other people, watch TV or to use w.

## Local Places

There are several food markets within walking distance of the apartments. A supermarket and drugstore are located near the corner of Hollywood Blvd and Vermont Ave.
